PROGRAM FOR JANUARY 23, 2018

PETER RICCHIUTI

A.B. FREEMAN SCHOOL OF BUSINESS

Peter Ricchiuti is the business professor you wish you had back in college. His humor and insight have twice made him the school's top professor. Peter's teaching delivery was recognized as "best on the planet" by Reimagine Education, besting competition from nearly 500 universities representing 43 countries.

Peter is a graduate of Babson College, started his career at the investment firm of Kidder Peabody & Co. and later served as the chief investment officer for the State of Louisiana. There he successfully managed a \$3 billion portfolio.

He founded and runs Tulane University's nationally acclaimed Burkenroad Reports student stock research program. Here he leads 200 of the school's business students in search of overlooked and under-followed stocks in six southern states. He and his program have been featured widely in the financial press including The Wall Street Journal, BARRON'S and The New York Times.

TARDINESS

It has been noticed that tardiness at our meeting is very disruptive, so please in the future try to make the necessary allotment of time.
