PROGRAM FOR JULY 17, 2018

"MEMBER TOP BUSINESS ISSUES IDENTIFICATION"

Today we had an open discussion on "What do we want GNOEA to start doing? What do we wish for GNOEA to stop doing? What do we wish GNOEA to continue doing?"

One issue discussed was Programs, here are a few ideas that were suggested:

Taxes – early in year, perhaps quarterly
Accounting & Software
Marketing/Advertising
Business Prognostication
Planning changes with the city building ordinance on water retention
Building Personal Wealth
Technology

Please if you have any ideas for speakers or programs, please email them to me at susan@gnoea.com.

Another issue was the arrival of members for 7:15 am which gives you some time to network before being seated to begin the meeting promptly at 7:30 am.

One more issue was how some members still do not recognize other members. If each member each time they address the association would stand and tell us your name, company name and classification we that would help greatly.
