

# GREATER NEW ORLEANS EXECUTIVES ASSOCIATION

WEEKLY BULLETIN

October 23, 2018

## **PROGRAM FOR OCTOBER 23, 2018** **JIM PERRIER & STEPHEN CALOGRIDES** **UNIVERSAL DATA, INC.**

Founded in 1982, Jim Perrier, knew that his industry would be rapidly evolving. Managed Services with UDI offers freedom – freedom from incidents, emergencies and reoccurring problems that come with monitoring and managing your IT infrastructure. They remove the weight of managing technology so you can focus on what you do best – growing your business.

Today's Program was "Cyber Security"

Security breaches have become so commonplace that "when" has been replaced with "if" in the language of preparation for the next one. Since the average cost of a breach has risen to almost \$4 million, your wallet (and your reputation) can't afford it, we believe the best way to ensure your IT Security posture remains strong is to be proactive. Universal Data Inc. will help you address your organization's current security, acquire a successful security design and seamlessly adopt a security solution that fits your needs.
